PROVINCIAL SECRETARY.

PROVINCIAL BOARD OF HEALTH.

REGULATIONS of the Provincial Board of Health, approved by Order of His Honour the Lieutenant-Governor in Council dated the 15th day of February, 1900.

REGULATIONS

For the Prevention of the Spread of
Small-Pox to and in British
Columbia.

1. All passengers arriving at the Boundary Line from the south may be required to furnish the Inspector or Officer in charge of the carrying out of these regulations with a Certificate from the Health Officer of the city or town which he or she has left, containing the following particulars:—

- (a.) That he or she has not been in any place or building infected with small-pox:
- (b.) That he or she has not lived in any place or building which lies dangerously near any infected building or district:
- (c.) That he or she has recently been successfully vaccinated.

2. If the Inspector believes that any person is infected, or that his or her clothing or other effects contain infection, the Inspector shall detain such person, and his or her clothing and effects as aforesaid, until the period of incubation is over, and such person and his clothing and other effects shall be at once disinfected.

3. If he only suspects that any person on board, or the effects of any such person, have been exposed to infection, he shall notify the Medical Health Officer of the locality to which the person is going to meet the train or boat, and to keep the person thereafter under observation.

4. In the event of any passenger bringing any baggage (hand or otherwise), or whether the same shall be forwarded by express, the following certificate may also be required from the Health Officer of the town or city aforesaid:—

- (a.) That the said baggage (*here give full description of said baggage so that there can be no question as to identification*) has not been in any place or building infected with small-pox:
- (b.) That the said baggage has not been stored or used in any place or building which lies dangerously near any infected building or district.

5. All railway companies, transportation companies, and stage lines must adhere strictly to the following regulations:—

- (a.) All mail from infected districts destined for points on the boundary line, or north of same, must be fumigated on or before leaving the last point of call south of said line, and the master in charge of such mail must furnish the Inspector or Officer in charge of the carrying out of these regulations with a certificate from the Health Officer of such points where fumigation takes place that same has been done:

- (b.) All ears must be fumigated before leaving American points for British Columbia points, and the Health Officer's certificate must be furnished that such has been done:
- (c.) No Indians shall be allowed to land in West Kootenay or East Yale under any conditions.

Notification.

6. Whenever any householder knows or suspects that any person within his household has small-pox, he shall immediately, by special messenger when possible, give notice to the Medical Health Officer.

7. Whenever any physician knows or suspects that any person whom he is called upon to visit is infected with or has died of small-pox, he shall immediately notify the Medical Health Officer.

8. Any physician so called shall have, for the purpose of isolating the infected person and his attendants and of placing the patient, attendants, and all other persons residing in the same house and the house itself in quarantine, all the powers of the Medical Health Officer, and the duty of ordering and enforcing such immediate isolation and quarantine shall devolve upon such physician until the Medical Health Officer has been notified and has had time to act.

9. Whenever a teacher in any school has reason to suspect that any pupil is suffering from small-pox, or that small-pox exists at the house of any pupil, he shall notify the Medical Health Officer immediately, and shall prevent the attendance of said pupil or pupils until medical evidence that no danger of infection exists has been obtained. (*Vide* section 86, sub-section 3, "Health Act, 1893.")

10. Physicians, teachers, and householders shall notify the Medical Health Officer of the presence, or suspected presence, of chicken-pox.

11. The Medical Health Officer shall immediately give notice by telegraph to the Provincial Board of Health of the first case of small-pox which shall appear in his district, and shall further furnish every seven days, or oftener if required, a statement showing the number of new cases developed, the number of those who have died, the number of those who have recovered, and the number who are still sick.

Suspected Case.

12. The Medical Health Officer of every district, or any of his medical assistants, having received information of a suspected case of small-pox, shall immediately inquire into the facts, either by consultation with the attending physician or by his own personal observation, or both. If the characteristic symptoms are not sufficiently developed at the time of investigation, the Medical Health Officer shall keep the case under his own personal observation at the special suspect station or elsewhere until the true nature of the disease is discovered. Until the time has arrived when, in the opinion of the Medical Health Officer, all cause for suspicion or danger is past, the suspected case shall be isolated and otherwise dealt with in the same manner as prescribed for a case of small-pox. The persons living in the same house, or who have been in contact, with the infected patient, shall also be kept under observation. And all such persons and the suspected person also shall be immediately vaccinated with the most active vaccine matter procurable.

Actual Cases.

13. The action to be taken in the event of a case of small-pox being discovered is shortly as follows:—

- (a) Detention, disinfection, isolation of persons affected or exposed to infection;
- (b) disinfection of car or boat;
- (c) vaccination of all persons who have been exposed to contagion or suspected of conveying contagion;
- (d) the treatment as a suspect of any person who refuses to be vaccinated;
- (e) notification of the local Board or Health Officers at places of destination;
- (f) notification of Secretary of Provincial Board.

Vaccination.

14. It shall be incumbent upon Local Boards of Health to arrange suitable times and places for vaccination, and to give public notice thereof.

15. It is now deemed necessary, and is hereby ordered, that teachers in Public Schools and High Schools or Colleges shall require a certificate of successful vaccination from each child attending at such School or College, or a certificate that such child is at that present time insusceptible to vaccination. The certificates shall be presented on demand to the teacher or other proper authority.

Penal Clause. (*Sec. 94, Health Act.*)

16. Provides that any person who violates any regulation of the Provincial Board shall, unless it is otherwise specially provided, be liable for every such offence to

a fine not exceeding one hundred dollars, with or without costs, or to imprisonment, with or without hard labour, for a term not exceeding six months, or to both fine and imprisonment, in the discretion of the convicting Court.

17. The Small-Pox Regulations adopted in 1896 are now in force.

CHARLES J. FAGAN,
Secretary, Provincial Board of Health.

PROVINCIAL SECRETARY.

GOVERNMENT HOUSE.

VICTORIA, B.C., Feb. 27th, 1900.

To the Honourable Charles A. Semlin,
Premier of the Province of British Columbia.

SIR,—In reply to the request made by you at last night's interview for a further postponement of the report that you promised to make to me last Friday evening regarding your defeat in the Legislative Assembly, and in reply to the representations that you made at the said interview that you still retained the confidence of the Assembly, and would be able to demonstrate the same, I regret to inform you that I do not see my way clear to continue to be guided by your advice. Circumstances have occurred during the last nine months, and more particularly during the last five months, to materially weaken the confidence that I had in your advice—circumstances quite apart from the fact of your having lost the confidence of the Legislative Assembly. The said circumstances consist chiefly in the following facts:—

1. For nearly a year past—more accurately, from the 9th of March last—you have not surrounded me with a full Executive Council, as provided and intended by section 10 of the Constitution Act, as amended in 1899, which reads as follows:—

“The Executive Council of British Columbia * * * shall include the following officials, namely: a Provincial Secretary, Attorney-General, Chief Commissioner of Lands and Works, Minister of Finance and Agriculture, Minister of Mines, and President of the Council, of whom not more than five shall receive salary.”

That is to say: I am entitled to the advice, and the Province is entitled to the services, of six officials as above provided, and while I do not mean to say that advice tendered by a less number may not be acted upon, or that a member of the Executive Council may not fill any two or more of the distinct offices above named, I think such a circumstance is warranted merely as a temporary expedient, pending the selection of an officer, or officers, to complete the statutory number, for, even in England, where there is no such thing as a Constitution Act to define or limit ministerial offices—where the Queen in Council has unlimited authority to create, regulate, or abolish such offices—“such arrangements (the combination of two offices in the hands of one person) are merely provisional, and are set aside whenever their temporary purpose has been fulfilled, or the exigencies of the public service require it.” (*Todd's Parliamentary Government in England*, Vol. II., 2nd Ed., page 211.)

On the same page will be found reference to the case of the Duke of Wellington having, in 1834, assumed charge of the Home, Foreign and Colonial Offices, pending the completion of a new administration, in regard to which it is said:—

“This proceeding, though confessedly merely provisional, and only intended to secure to Sir Robert Peel upon his arrival a freedom of choice in the filling up of his Ministry, was severely criticised at the time. Regarded as a temporary expedient, it could not be pronounced unconstitutional, although, if resorted to under other circumstances, it might lead to serious abuses.”

And at the time that the Honourable Mr. Cotton assumed the office of Chief Commissioner of Lands and Works, in addition to his duties as Minister of Finance and Agriculture, I certainly understood that it was to be a mere temporary arrangement. But you have prolonged this condition of affairs indefinitely—nearly twelve months have elapsed without your having at any time during that period indicated to me your intention of filling, and so far as I know without your having made any effort to fill, the vacant position. Now it may be that the Honourable Mr. Cotton is quite competent to properly discharge the duties of both positions, apart from the constitutional objection, although they entail the administration of the two heaviest departments of the Government, but the condition of affairs referred to in my letter to you of the 19th October last, and referred to hereafter, lead me to think otherwise.

2. On the 30th August last I wrote you as follows:—

“A week having elapsed since my last interview with you, in which I requested that a Session of the Legislative Assembly be called for not later than the 20th October next, and not having received a reply as to the decision of yourself and colleagues on the subject, I desire to commend it once more to your early

consideration. I do not think that I should any longer ignore the existing political conditions in the Province, and the unrest and uncertainty resulting from recent political changes—changes which it will not be necessary to specify. It is sufficient, I think, that grave doubt now exists as to whether your administration retains the confidence of the Legislative Assembly. And for this reason I believe it to be my duty to insist that you either meet the Legislative Assembly on or before the 20th day of October next, as at first suggested, or that the Legislative Assembly be dissolved, and a general election be held on or before the said date.”

I yielded, however, to the representations of yourself and colleagues as to the inexpediency of calling a session earlier than January, and the alternative offer of a dissolution was not accepted. But your letter to me of the 2nd September last stated:—

“I hasten to assure Your Honour that the Council has the utmost confidence that it will be able to satisfy you that there is no cause for apprehension respecting the general political conditions now existing in the Province. As regards the relations of the Government to the Legislative Assembly, I have no reason to believe that the Government will not command a majority of the House.”

Subsequent events have demonstrated that your assurances were not well founded.

3. On the 18th October last I was asked to sign three special warrants, as follows:—

- | | |
|--|----------|
| 1. The improvement of the trail from Hope to Summit City | \$ 1,000 |
| 2. The improvement of the South Vancouver Trunk road | 10,000 |
| 3. The erection of a Court House at Rossland | 45,000 |

The latter amount being three times larger than that authorised by the Legislature.

The appropriations made by the Legislature for the above-named public works had been allowed to lapse, owing, as Mr. Cotton reported, to the fact that it was found in the first case “impossible” to expend the amount before the end of the fiscal year, ending June 30th, 1899; in the second case “impossible” to expend the amount voted before the said period, owing to the “dilatoriness” of the Municipal Council of South Vancouver; and in the third case “impracticable” to expend the amount voted. I thought then, and still think, that the said appropriations had been allowed to lapse because Mr. Cotton was unable to properly superintend and administer the business of the two Departments of which he had been in charge for four months before the fiscal year expired. And it is also to be noted that it was not until the middle of October that Mr. Cotton was ready to undertake any expenditure in connection with the said public works. Thus the intentions of the Legislature were not carried out, and there was direct loss, particularly to the districts concerned. I did not sign the said warrants, as it appeared perfectly clear to me, for reasons set forth in my letter to you of the 19th of October last, that such warrants were not authorised by the “Revenue Act.” On observing, however, that the Attorney-General had not been present at the meeting of Council at which the issue of said warrants was advised, I wrote to you as follows:—

“Now, if you do not feel satisfied, on consideration, that the objections here urged against signing the said warrants are valid, let me suggest that you refer the question to the Attorney-General for a legal opinion as to whether the said warrants can, constitutionally, be issued. Should he report to me that they may be I shall be very pleased to have them again referred to me for re-consideration.”

(Letter to you, 19th October last, page 4).

To this letter and suggestion I have never received any reply. So that I was left to infer that the Attorney-General agreed that the issue of such warrants would be unconstitutional, and that had I followed the advice tendered me by the Executive Council I would have signed special warrants without any lawful authority for so doing.

3. In this same letter of the 19th October last, I also said:—

“I regret to say, therefore, that I find myself unable to approve of them (the special warrants) or of any others of a like nature. And in this connection I may say that yesterday afternoon I believe that I inadvertently approved of one or more special warrants of a character similar to the ones under consideration, but received a few hours earlier. I should like to have them referred to me again, as, if they are similar to

the ones returned herewith I believe that they have been improperly approved."

To this request also I have never received any reply. So that for all I know your administration has made use of special money warrants obtained from me inadvertently, and such as the Attorney-General would not say were, or could be, constitutionally issued.

4. On the 4th of December last, upon Mr. Cotton's recommendation as Chief Commissioner of Lands and Works, the Executive Council advised me to approve of a special warrant for \$2,500.00 for improvements to the Provincial Home and Gaol at Kamloops. Mr. Cotton stated that the money was urgently required for "fire protection" purposes. In your letter to me of the 11th December last asking me to reconsider my refusal to sign this warrant you stated that the money was needed for "sanitary reasons," and that "the necessity for the expenditure of an amount like this could not possibly have been foreseen." I pointed out to you that it had been foreseen for at least a year before, as follows:—

"When I was in Kamloops, over fourteen months ago, both Provincial and Municipal officials called my attention to the unsanitary conditions of the Provincial Public Buildings, and strongly urged that the necessary improvements should be made as quickly as possible."

So that, although I do not for a moment question but what your statement was made in good faith, yet it was not in accord with the facts as I knew them, and the reason for the expenditure was shifted from "fire protection" purposes, as in Mr. Cotton's report, to "sanitary reasons."

5. While the Legislature was in session you advised me to make, by Order in Council, submitted on the 18th ultimo, an important change in the Mineral Act. In my letter to you of the 19th ultimo, giving my reasons for not approving of the said Order, I added:—

"Now, if the Attorney-General be of opinion that the Government should have power to cancel such Certificates, after they have been issued, I think that he should refer the matter to the Legislature, and obtain its sanction to have the Act amended in that respect."

And referring to this in my letter to you of the 19th instant, I said:—

"The Legislature has been in session for one month since the above was written, but the Attorney-General has, so far, neither introduced, nor given any indication of introducing, a Bill to amend the Mineral Act in the way that he advised me that it should be amended—that is to empower the Lieutenant-Governor in Council to cancel Certificates of Improvements."

This seems too much like asking me to sanction a change in the law which you hesitate to ask the Legislature to sanction. And you not only advise me to practically assume the functions of the Legislature in this instance, and that, too, while the Legislature was in session, but you did so with the full intent (which, however, I did not know at the time) of making the proposed regulations retroactive to the prejudice of a Free Miner's statutory right, as witness the Attorney-General's letter to me of the 16th instant, as follows:—

"As my desire, as well as my duty, is to be perfectly frank with Your Honour, I may be permitted to state that, had Your Honour been pleased to approve of the Order in Council submitted to Your Honour on the 18th ultimo, I should have advised the cancellation of the Certificate of Improvements." (Dunlop's, page 7.)

As this matter is fully dealt with in my letter of the 19th instant to you in the matter of the Dunlop petition, I shall not enter further into it here, except to say that since the said letter was written I have learned that the Certificate of Improvements mentioned therein was issued to Dunlop by Mr. Kirkup, by the direction of the Minister of Mines, who acted in accordance with a decision arrived at in this matter by the Executive Council. That is to say: after you decided on a certain course, *i. e.*, the issuance of the certificate in question, and had given instructions to a subordinate official to carry out that course, you decided upon an entirely opposite course, and sought to nullify the resulting statutory right by Order in Council, and, inferentially, threw the blame for the issuance of the certificate—if any blame there was—on a subordinate official, Mr. Kirkup; for the Attorney-General's recommendation to me in the matter was as follows:—

"Whenever it appears to the Lieutenant-Governor in Council that an official empowered by the Mineral

Act to issue Certificates of Improvements has, through mistake, error, inadvertence or improvidence, improperly issued a Certificate of Improvements, etc."

I can hardly consider this as being "perfectly frank" with me, to say nothing of the unjust inference in regard to the Gold Commissioner. And in regard to this Dunlop petition, you not only withhold a free miner's right, lawfully acquired under section 39 of the Mineral Act, but you have not complied with the direction in my letter to you of the 19th inst., namely, to issue forthwith a Crown Grant to the petitioner Dunlop, in accordance with section 39 of the Mineral Act.

Apart from all this, I cannot ignore the fact that the Legislative Assembly has now been in session for nearly two months, and notwithstanding the confidence you expressed in your letter to me of the 2nd September last, above quoted, you have not been able to pass a single measure, and I believe it to be now sufficiently demonstrated that the interests of the Province have suffered, and are suffering, in consequence of a weak and unstable Government. Therefore I now deem it my duty to consult other advisers, with a view to forming a new administration, and shall accordingly do so forthwith.

I have only to add that in so far as any permission is needed on my part you are at perfect liberty to now lay this communication before the House for its information.

I have the honour to be,

Sir,

Your obedient servant,

THOS. R. McINNIS,

Lieutenant-Governor.
